

Using the Evergreen website to make your 2017 Planning for Profit selections

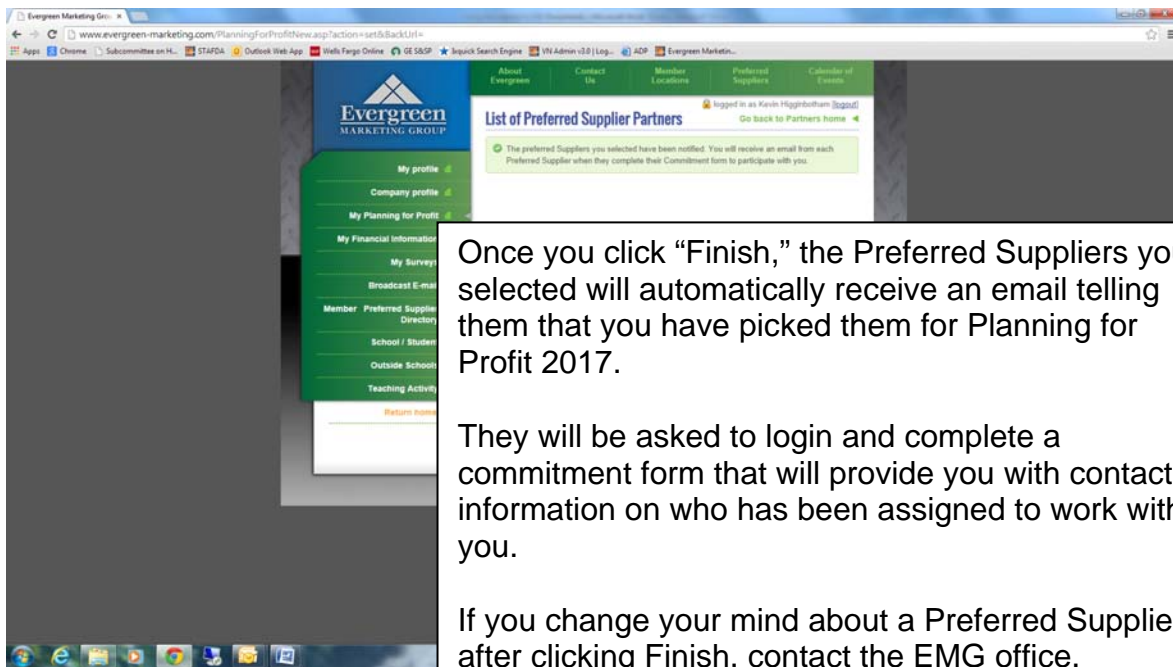

Click the "Next" button at the bottom of the page after you make your picks.

Click here if you need to make changes to your selections. You will have to restart the process.

Be sure to click the "Finish" button

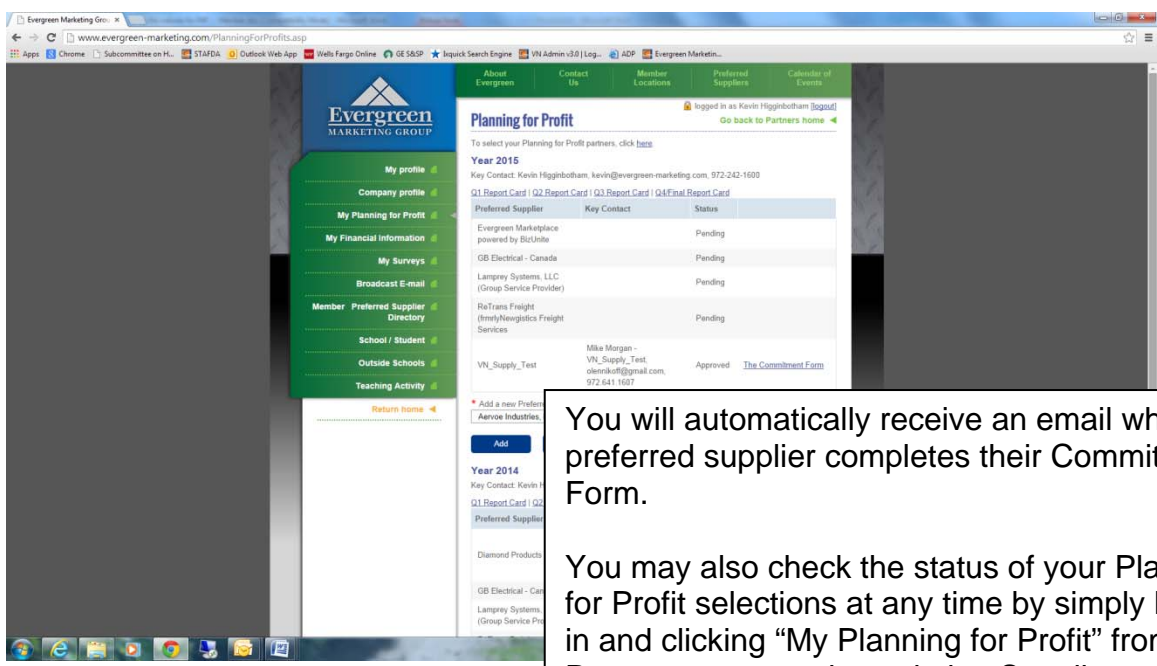

The system will ask you to confirm your selections. You can confirm by clicking the "Finish" button or you may make changes.

Once you click “Finish,” the Preferred Suppliers you selected will automatically receive an email telling them that you have picked them for Planning for Profit 2017.

They will be asked to login and complete a commitment form that will provide you with contact information on who has been assigned to work with you.

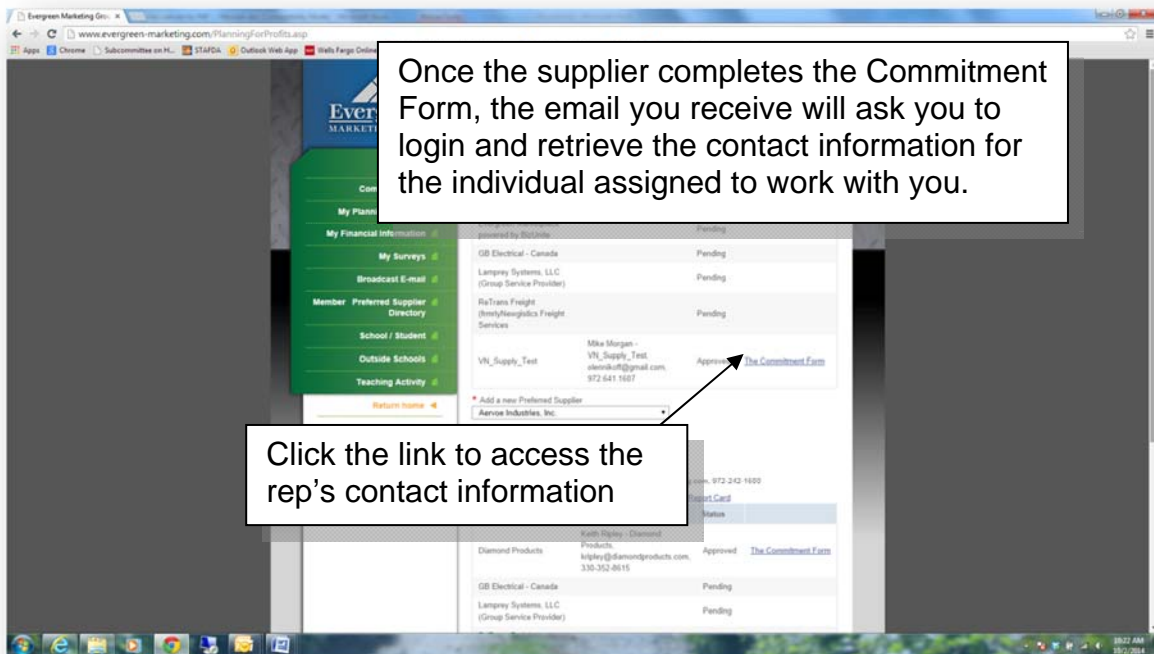

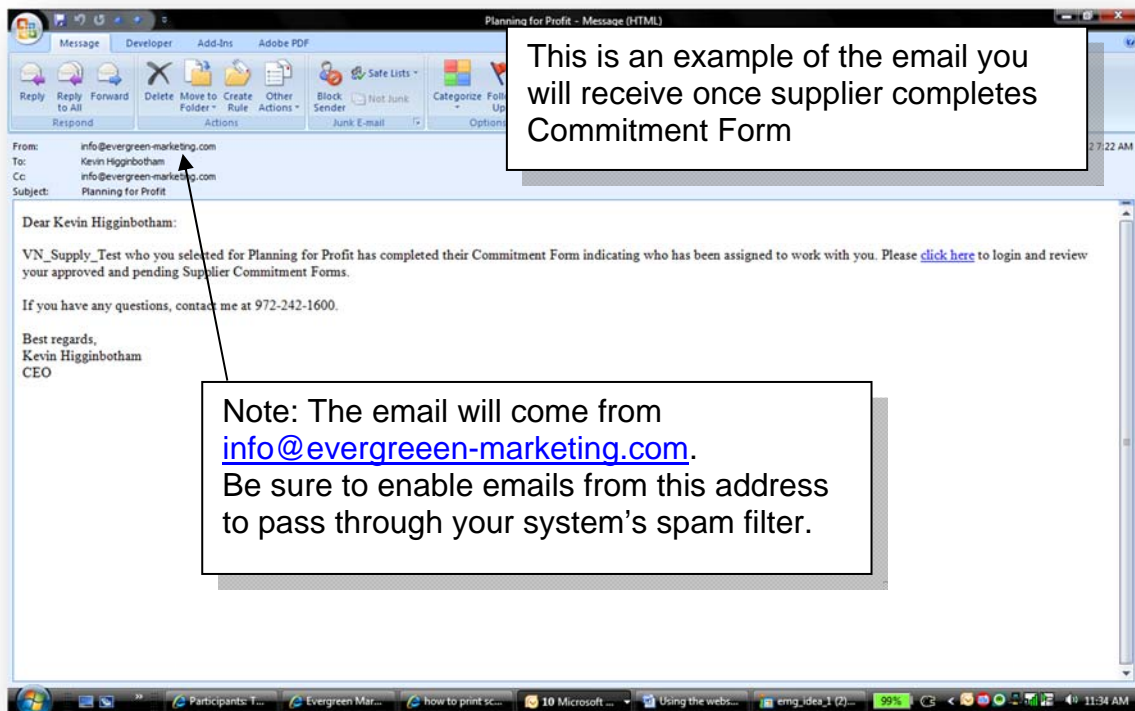

If you change your mind about a Preferred Supplier after clicking Finish, contact the EMG office.

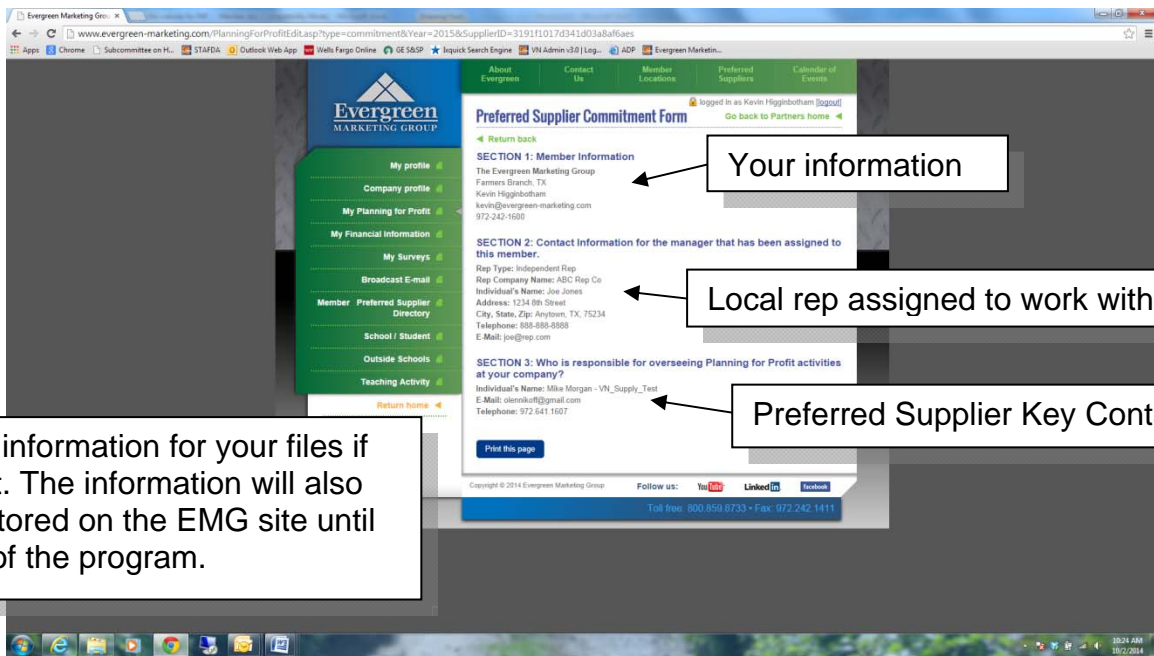

You will automatically receive an email when the preferred supplier completes their Commitment Form.

You may also check the status of your Planning for Profit selections at any time by simply logging in and clicking “My Planning for Profit” from your Partners page on the website. Suppliers **must** complete the Commitment Form to activate the process.

If you see Pending next to a supplier’s name it means they have not done their part. You may wish to bug them or alert the EMG office and we will bug them for you.

Print the information for your files if you want. The information will also remain stored on the EMG site until the end of the program.
